## Coordination based on Pres. Peevey's March, 2005 Assigned Commission Ruling (ACR)

- CEC's IEPR is appropriate venue to determine
  - Load forecasting
  - Resource assessment
  - Transmission assessment (with ISO input)
  - Scenario analyses
- CEC Transmittal Report provided to PUC
- PUC accepts CEC's findings except for:
  - Changed circumstances/updates
  - Public Resources Code 25302(f) or other applicable law
- Confidentiality concerns may require PUC to revisit some CEC findings to improve specificity of data
